

PRODUCT DATA SHEET

ISEO® CSR R9 Country camlock cylinder / lever cylinder

sullus
security systems

SKU IS.CSR.R9.Country.BK
Producer No. HRZ R9N

The ISEO System CSR R9 Country is a protected and registered reversible key profile. The profile cylinders have drilling protection in the body and core, the core pins are made of stainless steel. The cylinder has a body pulling protection. The nickel silver reversible keys are corrosion-free, wear-resistant, easy to handle and offer good locking convenience.

Key blanks from the CSR R9 Country profile series are not freely available in the trade.

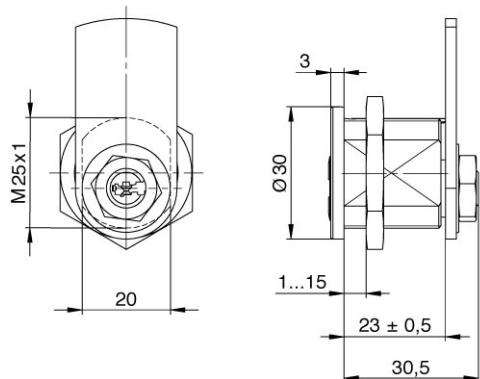

Measurements

- clamping dimension (standard closing lever): 23 mm
- installation depth: 30,5 mm
- cylinder front: Ø 30 mm
- mounting hole: Ø 25,1 mm lateral reduced to 20,3 mm
