

PRODUCT DATA SHEET

keyTec N-tra rim cylinder type 27

sullus[®]
security systems

SKU WINK.NTRA.AZ
Producer No. N-tra 27

The reversible key system WINKHAUS keyTec N-tra System offers a very special comfort. With the new key tip and the horizontal insertion, the key can be inserted into the cylinder even more easily and securely. Due to its rounded key shape the reversible key is also easy on trouser pockets and handbags.

In addition to the comfortable operation, the 6 spring-loaded solid pin locking elements on each side, the additional springless controlled radial pins and the standard drilling and picking protection provide a high level of protection against manipulation of the reversible key system keyTec N-tra.

Measurements

- case length: 24,7 mm
- rosette: Ø 43,8 mm
- mounting diameter: 32 mm

Technical characteristics

- 6 spring-loaded solid pin locking elements on each side and up to 8 springless controlled radial pins on 2 closing levels
- 6-pin system in 5-pin dimension
- standard drilling and picking protection through hardened, stainless steel special pins
- profile scanning through catch pin function (manipulation protection)
- cross groove at the core
- stainless steel core pins
- reinforced key insertion through special cylinder cores
- suitable for door thicknesses 40 - 75 mm
- manufactured according to DIN 18252 and EN 1303
- patent protection until at least 2029

Execution

- reversible key system
- comfortable horizontal key insertion
- cylinder body: nickel plated
- combination with electronic possible (mechatronic key or mechanical key with integrated transponder for the operation of electronic components such as electronic cylinders, access readers or electronic door fittings)

Options / Special equipment

- type 27/09 for ABUS box locks, Ø 28 mm, incl. ABUS rosette
- type 27/10 for IKON rim locks and multiple locking systems, Ø 29 mm

Operational area

- for WINKHAUS box locks (type 27)
- for ABUS case locks (type 27/09), for IKON case locks (type 27/10)
- public institutions, schools, kindergartens
- shops, medical practices, office buildings
- small-scale enterprises, large industrial plants

Scope of delivery

- rim cylinder type 27 including 3 or more keys
- mounting plate and screws
- security card

Key

- key thickness: 3,4 mm
- increased wear resistance due to nickel silver material
- ergonomically shaped key head for better grip
- 13,3 mm key shaft for the combination of all common safety fittings
- rounded key tip for better insertion comfort
- modern key design
